

To Add a Travel Plan

CardWise users travelling outside of Canada can set a Travel Plan to allow in-store international transactions in a specific country during a specified time period while still blocking all other in-store international transactions.

1. In CardWise Mobile or CardWise Online, select Controls & Alerts from the Manage Card menu.
2. Under Controls, select the My Regions control category.
3. To enable Travel Plans, click the toggle button next to Block International Control. Enabling this control will not block online merchants registered in another country.

To add a Travel Plan, click **Add Travel Plan** and then enter the location and duration of travel and click **Submit**. Transactions made in the Travel Plan location during the set duration will not be blocked by the Block International Control.

The image displays two screenshots from the CardWise mobile application. The left screenshot, titled "Location Controls", shows a list of settings. The "Block International Transactions" toggle switch is highlighted with a red box. The right screenshot, titled "Add Travel Plan", shows a form with the following fields: "Traveling to" (Ireland), "Date of Departure" (Jun 11, 2023), and "Date of Return" (Jul 2, 2023). Below the form is a "Submit" button and a "Cancel" button.

The CardWise platform supports both Mastercard® and Visa credit cards issued by Collabria Financial Services. The above instructions apply to both networks.

The Collabria Card is issued by Collabria Financial Services Inc. pursuant to a license. *All other trademarks are the Property of their respective owner(s).
